

Title of Special issue: **SI: Advances in Natural and Applied Sciences**

Description of Special issue:

The special issue contains selected papers among the studies accepted for presentation at the Second International Conference on Advances in Natural and Applied Sciences which was held on 18-21 April 2017 in Antalya, Turkey. **All articles to be published in this special issue must be complete the necessary referee and editorial processes. All manuscripts must be prepared according to “Guide for authors” rules of JRRAS.**

It is especially planned that focus on new research and future trends in nature and applied sciences in this special issue. We invite investigators and our participants to contribute to special issue with original papers describing **advances, findings and future trends** in the field of **Natural and Applied Sciences**. In accordance with this purpose, all manuscripts must be written so as to be widely accessible to all scientists.

Potential topics include, but are not limited to:

**Natural Sciences (Physics, Chemistry, and Biology):**

- Development and applications of nuclear, radiation and isotopes in biology, medicine, drugs, biochemistry, microbiology, agriculture, entomology, food technology, chemistry, physics, solid states, engineering, environmental and applied sciences.
- Radiation processing, or the biological, chemical or physical effects of radiation, radioactivity and radiochemistry, radiation protection and safety issues
- Atomic, molecular, nuclear, quantum, chemical, condensed matter, optical, fundamental, particle, industrial physics and applications
- X rays, thin film characterization, material characterization, surface morphology, semiconductors devices, solid state application, biological, chemical and physical crystallography, metallurgy and applications, green and environmental chemistry

**Mathematics:**

- Applied mathematics, mathematical physics, mathematical chemistry and biology
- Mathematical modelling in scientific disciplines
- Applications in Differential Equations and Partial Differential Equations

**Biotechnology and Nanotechnology:**

- Nanomaterials and applications, nanofabrication and characterization, nanomedicine, nanobiotechnology, nanoelectronics and devices, nanosystems, nanosafety, nanorobotics, nanotribology, nanoprobes, nanocatalysis, nanocomposites, nanoclusters, nanotubes, nanorods, nanoalloys, nanoparticle
- Application of nanotechnology and biotechnology

**Engineering:**

- Automotive, electrical and electronic, physical, nuclear, computer, civil, mechanical, marine, construction and chemical engineering
- Electric machines and drivers, electronic design and manufacturing
- Energy and power systems, power electronics, electric power transmission, telecommunication systems and networks
- Robotics, automation and mechatronics, photonics, quantum-electronics, optoelectronics and display devices

**Deadline for submissions: June 1, 2017**

**All manuscripts must be submitted by using JRRAS online submission system by choosing “SI: Advances in Natural and Applied Sciences”.**

## FILOMAT

Dear participants of ICANAS 2017,

This is to inform you about the submission of papers for Proceedings that will be published as a special (but regular) issue of Filomat. The submissions can start when the section **ISANAS-2017** is opened on the Filomat web-site.

If you want to submit your paper to this journal please do this **ONLY** using the journal on-line system for submission choosing one of three mentioned sections. Information about submissions you can find on

<http://journal.pmf.ni.ac.rs/filomat/index.php/filomat>

The submitted papers should be prepared in the journal format (STRICTLY following instructions from the attachments) so that we can have at least rough estimation of the number of pages for this special issue.

The deadline for submission is **October 31, 2017**. After this date the section will be closed, so that you have to submit your article timely.

Another useful information is that one author can submit only one paper (as a single author or co-author). All the papers will be evaluated by two referees following the high standard editorial procedure.

Let us mention that the newest IF (for 2015) for the journal is **0.603**.

Best wishes to all

Guest Editor  
Prof. Dr. Ljubisa KOCINAC

JOURNAL OF MATHEMATICAL ANALYSIS

Lead Guest Editor: Prof. Dr. Naim L. BRAHA  
Guest Editors: Assist. Prof. Dr. Alper EKİNCİ  
Assoc. Prof. Dr. Erhan SET  
Assoc. Prof. Dr. Ahmet Ocak AKDEMİR

Deadline for submissions: **June 30, 2017**

Follow style of journal to prepare your manuscript.

Length of the paper: 10-12 pages for contributed talks

Authors are invited to submit articles for publication. The manuscript must be original and written in English, and should send to the secretariat of the Journal in this email: [journalma@gmail.com](mailto:journalma@gmail.com)

Best wishes to all

#### SCOPE

Potential topics include, but are not limited to:

**ANALYSIS AND ITS APPLICATIONS:** Approximation Theory and Its Applications, Ergodic Theory, Sequence Spaces and Summability, Fixed Point Theory, Functional Analysis and Its Applications and related topics.

**APPLIED ALGEBRA AND ITS APPLICATIONS:** Information Theory and Error Correcting Codes, Cryptography, Combinatorics and Its Applications, Cellular Automata, Fuzzy and Its Applications, Computational Algebra, Computational Group Theory and related topics.

**ALGEBRAIC STATISTICS AND ITS APPLICATIONS:** Algebraic statistics and its applications.

**ALGEBRAIC TOPOLOGY AND ITS APPLICATIONS:** Algebraic Topology and Its Applications, Knot Theory and related topics

#### HOW TO SUBMIT

Before submission authors should carefully read the Instructions for Authors, which are located [here](#).

All manuscripts must be prepared according to the journal's Instructions for Authors.

All submissions to the Special Issue must be made electronically at

<http://www.editorialmanager.com/taa/>

When submitting your paper via the online submission system, please choose the article type "Special Issue - Advances in ATSA".

All submitted papers will undergo the standard single-blind peer review system.

Submissions for the special issue are now open.

The deadline for the submissions is August 1, 2017.

Individual papers will be reviewed and published online as they arrive.

This Special Issue is going to be published in volume 2017.

Contributors to the Special Issue will benefit from:

- fair and constructive peer review provided by recognized experts in the field,
- Open Access to your article for all interested readers,
- fast online publication of articles,
- no publication fees,
- no space constraints.

We are looking forward to your submission. If you have any question, please contact us at [taa.editorial@degruyteropen.com](mailto:taa.editorial@degruyteropen.com) or [aocakakdemir@gmail.com](mailto:aocakakdemir@gmail.com)
